

YOUR YEAR-END DONATION COULD SAVE THE LIFE OF CHILD!

★ URBANDALE SWIMMING POOL SWIM LESSON SCHOLARSHIP FUND ★

Drowning accidents are preventable. However, many children cannot afford the cost of swimming lessons. Please consider helping to save the life of a child.

YOUR DONATION BY THE NUMBERS:

2

Drowning is the second-leading cause of unintentional injury deaths in children aged 1-14 years. (U.S. Centers for Disease Control and Prevention)

5,000

An estimated **number of children** ages 14 and under **hospitalized** due to unintentional drowning-related incidents each year; **15% die** in the hospital and as many as **20% suffer severe, permanent neurological disability.** (National Safety Council and Foundation for Aquatic Injury Prevention)

88

Percentage of risk decreased by kids taking part in formal swimming lessons.

1,120

The number of Urbandale School District children on free and reduced school lunch program.

\$40

The cost of each Red Cross Swimming lesson.
